RE: (Dissertation Research) "Repetition and Self-Talk: A Comparative Design" by Holly Bailey

Dear Holly,

Congratulations! Your Research Ethics application has been approved by the committee. The Provost has made the following decision regarding your use of Fielding sites for solicitation:

I ***am*** approving her use of the following FELIX forums to solicit participants or assistance in soliciting participants:

Fielding Community-Wide Items and Issues
Psychology program
Psychology Students
School of Psychology Discussion Forum

This approval is good for one year from this date. After that time, if you have not completed your research on this project, you will need to apply for an extension. For more information regarding this process, please contact Peggy Collins, Institutional Review Board Coordinator. If you make any substantial changes in your research, you will need to send a message to Peggy Collins, outlining those changes for the IRB. Again, Congratulations!

Best Wishes,

Debra Bendell-Estroff, Ph.D.
